

SCARSTORIES · A LITTLE COMPANY ON THE WAY

Hearing, vision, mobility and sensory needs

Make the care setting work for your needs.

Access, communication and support

Questions for an individual conversation with your care team.

Make the care setting work for your needs. These questions can help you ask for an individual plan. Answers depend on your situation and the people responsible for your care.

Questions to take to my team

☐ How can you adapt information, appointments and the ward for my disability or sensory needs?

☐ May I use my usual communication or mobility aids, and who can help me safely?

For discussion and personal reference. Your care team's individual instructions take priority. For an emergency, contact your local emergency service; do not wait for a community reply.
