Questions for an individual conversation with your care team.

Clarify who coordinates decisions and medication lists. These questions can help you ask for an individual plan. Answers depend on your situation and the people responsible for your care.

Questions to take to my team

☐ Who is the main contact coordinating my heart care and other conditions?

☐ Who checks for conflicting instructions or duplicate medicines?

For discussion and personal reference. Your care team's individual instructions take priority. For an emergency, contact your local emergency service; do not wait for a community reply.
