

Rhythm problems, pacemakers and defibrillators

Clarify the purpose of a device and what daily life involves.

Other heart conditions and life stages

Questions for an individual conversation with your care team.

Clarify the purpose of a device and what daily life involves. These questions can help you ask for an individual plan. Answers depend on your situation and the people responsible for your care.

Questions to take to my team

☐ Why is this device or rhythm treatment recommended, and what are the alternatives?

☐ What should I do after a shock, a device alert or new symptoms?

For discussion and personal reference. Your care team's individual instructions take priority. For an emergency, contact your local emergency service; do not wait for a community reply.
